MATHS	<ul style="list-style-type: none"> • Number • Four operations • Recalling times tables • Division facts 	<ul style="list-style-type: none"> • Data and statistics: Graphs • Fractions, Decimals, Percentages • Recalling times tables and division facts 	<ul style="list-style-type: none"> • Shape, space and measure • Roman numerals • Recalling times tables and division fact
SCIENCE	Earth and Space Phases of the moon The movement of the earth in relation to the other planets Seeing the sun and moon as spherical bodies. Forces We will look at different types of forces and how they act upon an object.	Properties and uses of materials Why we chose certain materials for certain jobs. How we group materials. Which liquids are thicker and why. Plant and animal lifecycles The growth and distribution of seeds. Plant reproductive parts. How do birds change over their lifetime? Do animals have the same gestation period?	All living things This unit includes life Cycles, animals including humans, the growth of humans and stages of human development. Separating and changing How can we separate materials? What happens when we mix liquids and solids? What makes a difference to how quickly certain materials dissolve? What are reversible and non-reversible materials?
GEOGRAPHY	Mountains. We will identify what a mountain is and look at all the major mountains of both the world and the UK. We will look at different ways that mountains are formed and lots of the technical vocabulary surrounding them.	Volcanoes We are going to look at what volcanoes are and look at earth's crust and how tectonic plates interact with each other. We'll be able to identify where the volcanoes are in the world and report on an eruption.	European Region Our final topic in geography will look at Europe. We'll explore and compare some capital cities and look at different cuisines. We will look at globes, atlases and digital mapping and look at trade links between Europe and the rest of the world.
HISTORY	Vikings- Raiders, traders or something else:	The Tudors.	What have the Greeks ever done for us?

	We look at Where, when and why the Vikings came to Britain. The importance of trading routes and their impact on the wider world.	Was Henry VIII a tyrant or was he just misunderstood. We will look into the reasons for him having so many wives and why it was so important to Henry to provide a son and heir.	We will look at the ancient Greeks and what their beliefs were. We will also delve into who and how they were governed and the beginning of democracy. This will feed into looking at just how much we are still influenced by ancient Greek philosophers.
D & T	Cooking and Nutrition - Making a healthy recipe Textiles - designing a stuffed toy	Mechanical systems : eco bike with gears Digital world - Monitoring systems	Structures - building bridges Electrical systems - doodlers
ART & DESIGN	Typography and maps Making Monotypes	Set Design Mixed Media Land and Cityscapes	Architecture Dream big small Fashion design
COMPUTING	<ul style="list-style-type: none"> Quizzing Online Safety Data bases 	<ul style="list-style-type: none"> Spreadsheets Unit Game creator Coding 	<ul style="list-style-type: none"> Word processing Concept Map
MFL	French Monster Pets	Exploring space	Shopping
MUSIC	Tameside Music Service	Tameside Music Service	Tameside Music Service
PE	Tameside Sports Coaches: <ul style="list-style-type: none"> Tag rugby Dance Swimming 	Tameside Sports coaches: <ul style="list-style-type: none"> Gymnastics Cricket Swimming 	Tameside Sports coaches: <ul style="list-style-type: none"> Athletics Swimming
RSE	Health and wellbeing, relationships, living in the wider world.	Health & Wellbeing: feelings, keeping safe (mobile phones) relationships: differences and similarities, stereotypes, personal boundaries, bullying and abuse	Social and emotional changes physical changes and human reproduction, growing Spiritually.
